ACCIDENTS

Marshall Had An Unusual Number Last Week

Stove Polish Exploded.

Mrs. Grover Ehrman was badly burned last Friday morning while polishing a hot stove. The polish contained inflammable material which burst into flame and burned fiercely. Mrs. Ehrman's dress caught fire and she received severe burns before the fire could be extinguished.

Badly Scorched

Dr. J. E. Harris was painfully burned one evening last week. He poured water on the furnace fire at the First Presbyterian church and the steam caused a kind of explosion which threw hot coals and flames against him. He is still wearing a bandage on his hand and says he has suffered a great deal.

Bad Cut

Thos. Cretcher split his left hand wide open with a hatchet Thursday afternoon while cutting meat. It is a serious injury but he is getting along nicely with it.

at the Democrat-News office last week.

Entitled to Certificate

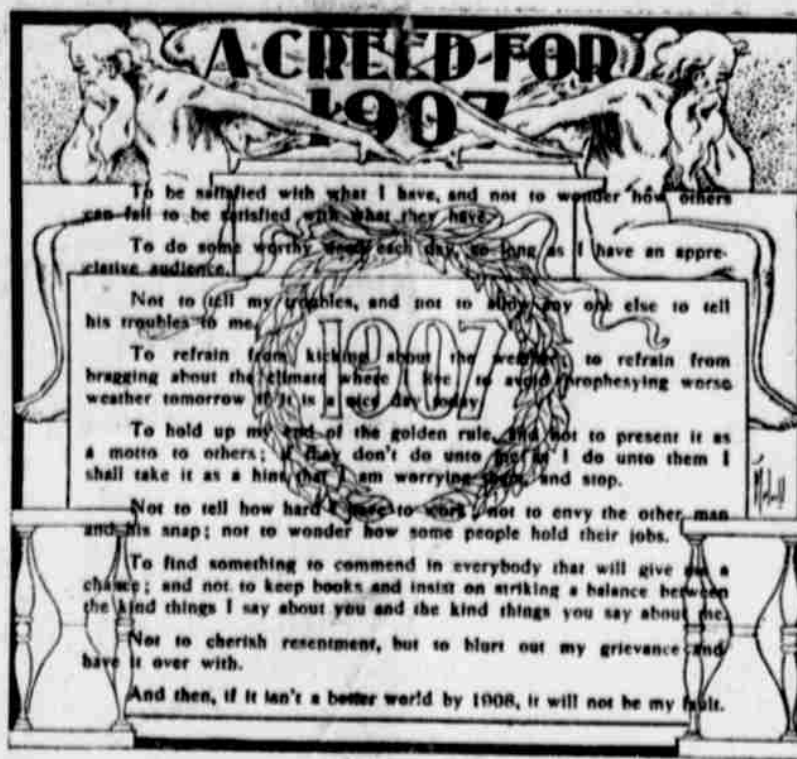

Lou Strauss, of Gilliam, either deserves a blue ribbon or a certificate "De Fabricator Grand." He tells some wonderful stories of duck shooting, fishing, etc. He said that he and F. E. Skinner were shooting ducks recently on the club grounds at Cambridge and they shot 31 ducks out of a flock of 32—that is, leaving only one escape. They used the latest pattern repeating shotguns and live decoys. Other deeds of like character entitled Mr. Strauss to a respectful hearing at least.

Store Robbed

G. A. Dawes' drug store at Mt. Leonard was robbed on the night of Dec. 16th. The store was entered by the front door and the cash taken from the cash register and safe. The amount stolen was about \$75.

A Country Debate

The Mud College Literary Society, which is being carried on every Friday night at the Miller schoolhouse four miles northeast of Sweet Springs was largely attended last Friday night. Nearly half of the audience was compelled to stand up because of lack of

seats. The program was as follows:

Song, "Just Before The Battle Mother," by Ralph Crain and Harry Jackson. Speech, "Kentucky Philosophy," by Farley Wilcox. Song, The Preacher and The Bear, Alex Dickerson.

Debate, Subject: Resolved That Environment Has More to do in making of a character than Innate Tendencies. Affirmative, Fred K. Arnold, Ralph Crain. Negative, Lennie Nightwine, Jackson Wilcox. The decision was rendered in favor of the affirmative. The paper was then read and then new officers were elected.

A good program is planned for next Friday night, everyone is invited to attend.

Gwinn and Frank Gwinn, of Nodaway county; Jud. Brown and wife. Mr. Gwinn called on Mr. Brown to say grace, but while he was making up his mind whether to say the long or short one, Mr. Gwinn had visions of the long one and being hungry "pitched in," much to Mr. Brown's relief. Mr. Gwinn tells a boyhood yarn of a man who said two graces. One was a short one for use when he was very hungry—

MRS. VIOLA MARSHALL.
MRS. MARSHALL SUFFERED WITH SYSTEMIC CATARRH. PERUNA SAVED HER.

Mrs. Viola Marshall, 1117 East Jackson street, Springfield, Ill., writes: "Two months ago when I sought your advice, and you told me that I was suffering from systemic catarrh, had gotten so bad that I could not bear the heat of walking and had to lie down most of the time. 'I began taking your Peruna and now I feel like a new woman. 'I can walk just as far as I please without feeling any fatigue and I have taken only three bottles of Peruna. 'I shall never cease praising Peruna, for thanking Dr. Hartman for his kind advice.' Systemic catarrh claims many victims because this disease is not always understood, and therefore not correctly treated. What is needed is an internal catarrh remedy which exerts a healing effect on the mucous membranes of the entire body. Such a remedy is Peruna. The sincere letters of those who have experienced its benefits in such cases are evidence of its medicinal value.

the other was a long one. On one occasion he was asked to say grace and in order to show off used the long one. After about 10 minutes the hostess spoke up: "Brother—I didn't ask you to pray, I asked you to say grace."

McClure's for 1907

In the January number of McClure's will begin the Life of Mary G. Eddy and the History of the Christian Science Movement. For the first time a complete, impartial and true story of Mrs. Eddy and Christian Science is to be had—it will run throughout the year. Georgine Milmine has written the story—for nearly three years she has pursued her study of the subjects. Five other writers of McClure's staff have worked with her to make this story accurate, fair unbiased and complete. In view of the fact that for some months the press has been full of diverse and conflicting news and statements regarding Mrs. Eddy, it is evident that accurate knowledge concerning her is difficult to obtain in a short time. Consequently McClure's long and thorough preparation on its series will give us for the first time a true history and account of her and her cult.

Mr. and Mrs. N. T. Gentry of Jefferson City, spent Sunday and Monday in Marshall as the guests of G. H. Althouse and Jas. M. Denny and families. Mr. Gentry is assistant attorney-general and is doing a good work for the people of Missouri. We acknowledge a pleasant call.

Lee Parent is home from the Culver Military Academy for the holidays.
